

A new way to finance your crop inputs

Sign up for FCC Crop Inputs Financing with South West Ag by December 1st, 2017 for a chance to win a \$1000 pre-paid VISA gift card!

Purchase seed, crop protection products or fertilizer. When you use FCC Crop Input Financing, you can make your payment in March 2019. Take the time you need to market your crop.

Timelines—All purchases from now to August 31, 2018, have a repayment date in March 2019

Early Repayment—If you make payment before the due date, you can re-advance on the same loan. Your August 31, 2018 balance is payable on the due date indicated on your monthly statement. There's no penalty if you pay early.

Payment Options—Make payment at your crop input retailer, online, through your bank account or at any FCC office.

Re-approval—Each fall, you'll be notified if you've been pre-approved for another year, or if we need more information to complete the approval process.
